Continuation of Substance of Interview including description of the general nature of what was discussed: The examiner initiated the interview to propose an examiner's amendment that would place the application into condition for allowance. The proposed amendment was to bring an amended version of claim 6 into claim 1 and an amended version of claim 13 into claim 9. Before making a decision on the proposed examiner's amendment, applicant requested a more in-depth interview to discuss the rejections in the case. Following the requested interview, which took place on March 5, 2007 (see prosecution history for the content of this interview), applicant's representative confirmed applicant's acceptance of the proposed examiner's amendment to the claims.
